Re: Pipe Laser

Request for Quotation

The University Area Joint Authority is currently soliciting written quotes for the purchase of a Pipe Laser. The minimum specifications are as follows:

- Self Leveling
- Include full function remote control with on/off and line adjustments
- Entire unit must be waterproof
- Must be capable of being used in 6" to 24" diameter pipe
- Include additional legs, trivet plate or invert plate with adjustable rod for 6" to 24" diameter pipe
- Include rod and cross brace for use in a drop manhole
- Include adjustable targets for 6" to 24" diameter pipe
- Grade range must be from a minimum of -10% to +40%
- Include 12 VDC battery power cable with clamp protectors
- Include rear carrying handle
- Include laser battery and charging cables
- Include carrying case
- Include make, model and product specification sheet for unit being quoted

Pricing should be submitted as a lump sum price, including availability. We hope you will take a few minutes to review the information and invite you to submit a quote by 10 am on Thursday, August 9th, 2007. Quotes may be submitted via fax, mail or hand delivered. If you have any questions, please do not hesitate to contact me.
